# Welcome

---

## Dear Exhibitor

Welcome to the Surrey County Show's Exhibitors' Manual ('the Manual'), we hope this booklet contains all the information you require in preparation for, during and after the Show.

Please ensure you read it before booking as there are important Terms and Conditions that relate to the booking process and also other rules and regulations that should be complied with for safety reasons, and to enable the smooth running of the event.

For those who have exhibited with us before please be advised that there are some amendments from previous years.

This year we have appointed an online company, Apply and Pay, to manage our Exhibitor bookings. This will make the application process a much smoother one for you and, once registered, providing you mark on the form that we can contact you regarding future shows, you will be able to use this account to Exhibit at all our future events. To make the process even easier for you, you will be able to make payments online. Please make sure you have all your supporting documentation ready to upload on to the system as you will be unable to submit your forms without it.

Your invoices, tickets and vehicle passes will also come from the Apply and Pay system so will be stored in your account as soon as they have been issued for you to download at your leisure.

We really do hope that this will enhance your experience of exhibiting at the Surrey County Show and we would welcome any constructive feedback once you have had an opportunity to use the system so that we can make it even better for future events.

As usual an early booking discount is available for bookings made before the 31st December 2017. Please be advised that all personnel attending / working at the Show must present an admission ticket, on the day. Failure to present a ticket will result in the full admission price having to be paid. No refunds will be given in these circumstances. Please ensure you have ordered the correct amount of tickets and have distributed them to your staff before the Show. Ticket allocations and purchase methods are in Section 4.

Please ensure you have supplied an up to date email address and that it is clearly legible as all correspondence will be sent via email to the email address designated on the form.

### **Important information:**

Please ensure you have all relevant documentation ready to upload to Apply and Pay when booking on line as you will be unable to submit your application unless you do so. If you have any technical problems using the form, then please contact the team at Apply and Pay on 01225 469888.

Exhibitor tickets will be ready to download no later than 7th May 2018.

Dates and times for the stand build can be found in Section 1.

Access to the showground on Show day will stop at 07:30; all vehicles that fail to leave the showground by 07:45 will forfeit their £50.00 deposit. See clause 7.1.5 for details regarding vehicle

deposits.

Balloons are strictly prohibited on the Showground.

We very much look forward to welcoming you to the Show this year. I look forward to working with you all and please do not hesitate to contact either myself or Tracey Longhurst on 01483 890810 if you have any questions or concerns about the show.

Yours sincerely

## 2. Stand options

---

**All stands will be on grass.**

### 2.1 Open Space

- 2.1.1 There are three depth choices available, the minimum frontage for each depth can be found on page 11.
- 2.1.2 Exhibitors taking the open ground space option must make their own arrangements to cover their Trade Space. Our tent contractors will be very happy to help Exhibitors with this if required.
- 2.1.3 **Very important:** The whole of the marquee must be within the space booked. No part (including tent ropes, tow bars, storage and re-stocking facilities) may be permitted to encroach onto or overhang the boundaries or avenues.
- 2.1.4 If an Exhibitor uses any part of the Showground outside of their boundary they will incur a £100 fine (+ VAT), payable at the Show and must pay for the additional space used as the Society sees fit.

### 2.2 Individual Marquees

- 2.2.1 Individual Marquees are 3.6m deep and are available with a frontage of 3m, 6m or 9m. The units are part of a row of similar tents which are separate from each other and may be closed at night by drawing across the canvas front.
- 2.2.2. Banner rails consist of a rail only and can be hired from our tent contractors. Exhibitors are responsible for supplying their own banners. Banner rails will house banners that are 0.6m high and will run the length of the unit.

- 2.2.4 Flooring is available at an additional charge - please contact our tent contractors.

- 2.3.1 The height of these structures is a maximum of 2.4 metres at the eaves. Stands are 3m deep by 3m wide. Extra width may be requested by the metre. Please note there will be no flooring generally available but it may be ordered for individual units at extra cost directly from our tent contractors.
- 2.3.2 There is only natural light in the Pavilion therefore consideration should be given as to whether Exhibitors will require additional lighting. If required, electricity can be provided at an additional cost, details of which can be found on the Exhibitor Booking Form.
- 2.3.3 Please note: there is no storage or parking space behind or around the Shopping Pavilion or Craft Marquee and vehicles must be parked in the Exhibitors' Car Park.

Comply with recognised industry standards.</p>
<p>Slipping / tripping hazards Chemicals (ie battery acid) Moving parts of machinery (eg blades) Work at height (eg set-up / take-down structures/awnings/ stands etc) Pressure systems Vehicles (eg fork lifts, cars on stands) Electricity Dust Fumes Manual handling- unloading and loading of stock Noise Livestock on stand Lifting operations.</p>	<p>Office staff Maintenance personnel Contractors Operators Cleaners Members of the Public.</p> <p>Pay particular attention to: People with disabilities Visitors Inexperienced Staff Lone Workers.</p>	<p>Represent good practice? Reduce risk as far as possible? Have you provided: Adequate information, instruction and training? Adequate systems or procedures? If so, then the risks are adequately controlled but you need to indicate the precautions you have in place.</p>
<p>Fire hazards, eg: Combustable materials (rubbish, flammable substances, LPG etc) Ignition sources (flames, electrical, smoking etc).</p>	<p>As above.</p>	<p>Means of escape, fire detection and alarms, fire fighting equipment and fire evacuation plan.</p>
